

Low-Cost Spay/Neuter Resources (Updated 3/28/22)

Below is a list of many low-cost spay and neuter facilities throughout Maryland. While these are listed by County, please note that many of the individual counties also offer State-wide lists of clinics. Many of these facilities also offer low-cost veterinary services including vaccines, exams, microchipping, surgeries, and more. If you choose to use any of these facilities, please be sure to go to their website and contact them directly for up-to-date information and/or to confirm availability, services, scheduling, prices, etc. Many of these facilities also offer no-cost services for those who meet certain income requirements and live within specific zip codes.

- **Maryland**

- Dept of Agriculture: lists Maryland spay/neuter resources for low income residents:

- [MD Dept of Agriculture - Free Spay and Neuter Services](https://mda.maryland.gov/spay_neuter_program/Pages/Free-Spay-and-Neuter-Services.aspx)
